# SECTION 2. HAZARDS IDENTIFICATION

| GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR |
|--|
| 1910.1200)   |
|  |

Combustible dust

| <b>GHS label elements</b><br>Signal Word | :                | Warning   |
|--|------------------|---|
| Hazard Statements                        | :                | May form combustible dust concentrations in air.  |
| Precautionary Statements                 | ary Statements : | <b>Prevention:</b><br>P210 Keep away from heat/ sparks/ open flames/ hot surfaces.<br>No smoking.<br>P243 Take action to prevent static discharges.         |
|  |                  | <b>Disposal:</b><br>P501 Dispose of contents/ container to an approved facility in accordance with local, regional, national and international regulations. |

# Other hazards

None known.

Version Revis 1.2 09/13 PRD

Revision Date: 09/13/2022 SDS Number: 150000051329 SDSUS / Z8 / 0001 Date of last issue: 08/06/2019 Date of first issue: 09/06/2016

# SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

# Components

No hazardous ingredients

Eastman is committed to the safety, health and environment of our employees, our customers, and the communities we operate within. As part of this commitment, Eastman's Safety Data Sheets (SDS) are prepared in accordance with all applicable national and local regulations. The compositions of our documents reflect these requirements which include, but are not limited to, requirements under the Globally Harmonized System of Classification and Labeling (GHS). These compositions commonly involve the use of ranges versus specific analytical values. If you require a composition that is more specific , please refer to the Certificate of Analysis, sales specification, or contact your Customer Service Representative.

## SECTION 4. FIRST AID MEASURES

| If inhaled  | : | Move to fresh air.<br>Treat symptomatically.<br>If symptoms persist, call a physician.   |
|---|---|--|
| In case of skin contact                                     | : | Wash off with soap and water.<br>If symptoms persist, call a physician.<br>Cool skin rapidly with cold water after contact with molten<br>material.<br>Do not peel solidified product off the skin.<br>Burns must be treated by a physician. |
| In case of eye contact                                      | : | In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  |
| If swallowed  | : | Seek medical advice.   |
| Most important symptoms and effects, both acute and delayed | : | The molten product can cause serious burns.  |
| Notes to physician  | : | Treat symptomatically.   |

#### SECTION 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media   | : | Water spray<br>Dry chemical<br>Carbon dioxide (CO2)                |
|--------------------------------|---|--|
| Unsuitable extinguishing media | : | Do not use a solid water stream as it may scatter and spread fire. |
| Specific hazards during fire   | : | Avoid generating dust; fine dust dispersed in air in sufficient    |

| Versi<br>1.2<br>PRD | ion                  | Revision Date:<br>09/13/2022       | 15 | DS Number:<br>0000051329<br>SUS / Z8/ 0001 | Date of last issue: 08/06/2019<br>Date of first issue: 09/06/2016                                     |
|---------------------|----------------------|------------------------------------|----|--|---|
| t                   | fighting             |                                    |    | potential dust exp                         | nd in the presence of an ignition source is a<br>losion hazard.<br>material can decompose at elevated |
|                     | Further              | information                        | :  | -  | neration and accumulation.<br>o cool unopened containers.   |
|                     | Special<br>for fire- | l protective equipment<br>fighters | :  |  | I positive pressure self-contained breathing ion to standard fire fighting gear.                      |

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protec-<br>tive equipment and emer-<br>gency procedures | : | Wear appropriate personal protective equipment.<br>Local authorities should be advised if significant spillages<br>cannot be contained. |
|---|---|---|
| Environmental precautions   | : | Avoid release to the environment.   |
| Methods and materials for containment and cleaning up                         | : | Sweep up and shovel into suitable containers for disposal.  |

#### SECTION 7. HANDLING AND STORAGE

| Advice on protection against fire and explosion | : | Minimize dust generation and accumulation.  |
|---|---|---|
| Advice on safe handling                         | : | Exercise caution if heating, especially in a closed container.<br>Mixing cellulose esters in a nonpolar hydrocarbon, such as<br>toluene or xylene, may result in the buildup of static electricity,<br>which can cause a flash fire or an explosion. When adding<br>cellulose ester to any flammable liquid, an inert gas<br>atmosphere should be maintained within the vessel.<br>Wash thoroughly after handling.<br>Use only in area provided with appropriate exhaust ventilation.<br>Minimize dust generation and accumulation. |
| Conditions for safe storage                     | : | Keep containers tightly closed in a cool, well-ventilated place.  |

## SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne

IMDG-Code

Not regulated as a dangerous good

#### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### Domestic regulation

49 CFR Not regulated as a dangerous good

#### Special precautions for user

Not applicable

#### SECTION 15. REGULATORY INFORMATION

## CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

## SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

| SARA 311/312 Hazards | : | Fire Hazard |
|----------------------|---|-------------|
|----------------------|---|-------------|

| SARA 313 | : | This material does not contain any chemical components with  |
|----------|---|--|
|          |   | known CAS numbers that exceed the threshold (De Minimis)     |
|          |   | reporting levels established by SARA Title III, Section 313. |

#### California Prop. 65

This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

#### The ingredients of this product are reported in the following inventories:

| TCSI | : | On the inventory, or in compliance with the inventory  |
|------|---|--|
| TSCA | : | All substances listed as active on the TSCA inventory  |
| AIIC | : | On the inventory, or in compliance with the inventory  |
| DSL  | : | All components of this product are on the Canadian DSL |
| ENCS | : | On the inventory, or in compliance with the inventory  |
